Alternatives to Violence mini-workshop

What to expect:

AVP has been doing violence reduction programs for more than 45 years in over 60 countries. This 5-hour sample workshop will give you a taste of the tools and experiences that make the full, 3-day AVP workshop so effective. You'll catch a glimpse of the increase in mutual respect, trust, and compassion that make it possible for us to get real with each other, resolve conflicts, and build genuine community and cooperation..

What people say about the full workshop:

"Somewhere in every conflict situation there is the possibility for a nonviolent solution...Attitude and expectation set the stage." -- Fred Feucht

"I can't begin to tell you the impact the workshop you facilitated has had on our youth and the staff as well." -- Director, Charles Loring Grace Youth Camp
